**DIGGING TRENCHES BUCKET**

Made in Italy

## FOR MINI AND MIDI EXCAVATORS

Trenches and street digging bucket "SBK". The ideal choice for digging narrow trenches, and with their recessed sides they are able to work in points where cables and pipes intersect with maximum accuracy thanks to the special shape. The wide range of models allows the perfect match for every excavator from 1,2 to 10 ton, providing the best performance for each specific class and application.
