HEAVY DUTY DIGGING BUCKET

Made in Italy

FOR MIDI AND EXCAVATORS

Reinforced Heavy duty special buckets "SPC". The ideal choice for digging, clearance, loading and finishing operations of inert materials of medium abrasiveness and on particularly compacted and abrasive terrains. Made of heavy-duty steel S355 and abrasion resistant steel 400 HB and 500 HB. The wide range of models allows the perfect match for every excavator from 7,5 up to 30 tons, providing the best performance for each specific class and application.
